

Launching Autumn 2023

Introducing Oliver Wight Integrated Business Planning Powered by Board:
A new solution aligning people, process, and technology, that delivers operational excellence, high performance, and growth.

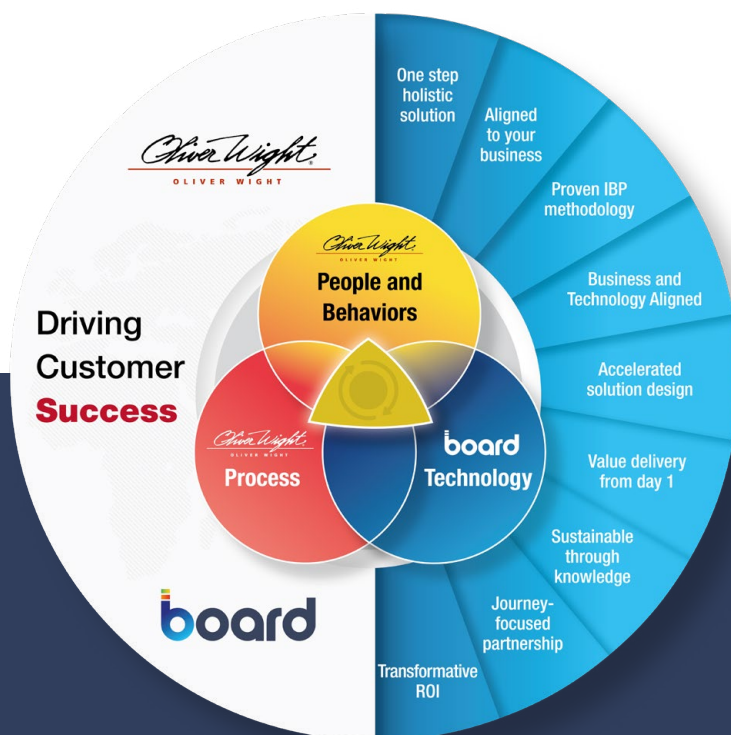

Oliver Wight and **Board International** are helping organizations **realize their Integrated Business Planning vision** with a unique, unified solution.

In an industry first, Oliver Wight and Board are combining best practice IBP design and implementation with the leading Intelligent Planning software platform.

Optimize Business Outcomes | Maximize Profit | Reduce Risk

- Demand & Revenue Growth
- Portfolio & Innovation Improvement
- Supply Constraints & Balanced Demand
- Strategic imperatives delivered by integrated and timely operational decisions
- Continuous view of healthy performance, course to correct, scenario analysis of risk and opportunities
- Closed loop management system focused on delivering performance by identifying and solving constraints and optimizing trade-offs

Our joint offer drives the successful delivery of IBP initiatives by aligning people and behaviors, best practice IBP process, and Board's enabling technology, empowering your team to accelerate change, mitigate risk, and execute strategy.

Let's start a conversation!

Oliver Wight Integrated Business Planning Powered by Board

Translate desired business outcomes into strategic, financial, and operational success for your organization.

Examples of IBP scenarios managed within a unified, user-friendly environment for complete planning control:

People

Oliver Wight's unique knowledge transfer approach ensures continuous improvement whilst driving correct behaviors and positioning people as the key to business success.

Process

Oliver Wight's best practice IBP process combined with its proven implementation process leads to sustainable business improvement.

Technology

Board's Intelligent Planning Platform rapidly implements IBP process while providing world-class security, reliability, scalability, and performance.

Get more from your Integrated Planning efforts - Combine Oliver Wight's Class A IBP process with Board's single, cloud-based software platform to enable a cross-functional analytics-driven IBP process across business operations, supply chain, and finance. Oliver Wight's experts are with you throughout the implementation journey ensuring your process is robust, your people are engaged, and your software investment is de-risked.

Agility at lower cost - Create agility through rapid modelling and understanding the cross-organizational and financial impact of changes to plans. Create actionable contingency plans to deal with the scenarios modelled. Reduce the time and cost of turning planning data into strategic information to steer the organization through change using Oliver Wight Integrated Business Planning Powered by Board's consistent user interface, IBP process workflow, standardized templates, integration of functional operational plans, and the resulting financials.

Accelerate growth - Project business performance with real-time structured and unstructured data from the market, customers, and operations to gain insights into trends and potential disruptions and opportunities.

About Oliver Wight

Business improvement specialists Oliver Wight deliver results, not just better processes – things like increased revenue, improved margins, and greater market share. Originators of Integrated Business Planning and experts in Supply Chain, Demand and Portfolio Management, Oliver Wight transfer knowledge directly to you; knowledge that comes from over 50 years of working with some of the world's best-known companies.

About Board International

Board's Intelligent Planning Platform delivers solutions that help over 2,000 organizations worldwide plan smarter - enabling actionable insights and better outcomes. Board helps leading enterprises discover crucial insights which drive business decisions and unify strategy, finance and operations through more integrated and intelligent planning to achieve full control of performance. Founded in 1994, and now with 25 offices worldwide, Board International is recognized by leading analysts including BARC, Gartner, and IDC.
